

NAGA[®] nord

Magnetic Circle boards

A magnetic circle board represents a combination of simple Nordic style and functionality.

The boards are magnetic, which allows you to attach various accessories onto the board with super-strong magnets. The glass boards and mirrors also have a write-on/wipe-off function. You can write on the glass with a chalk marker or with a regular whiteboard marker, and once the text has dried, you can easily wipe the board clean.

NAGA magnetic circle boards are offered in a great variety of materials, surfaces, sizes and colours. The boards are made of natural materials, so identical colour and structure of the boards cannot be guaranteed.

NAGA Nord circle boards are decorative and practical in every room of your home.

Simple Nordic Style

This product range offers exciting materials, shapes and colours with many options for storage as well as for decoration. It will serve your aims for every room in your home.

All the materials, surfaces and colours have been purposefully developed in the simple Nordic style and inspired by nature.

These uniquely shaped design products can be mixed and matched in many optional combinations to fit any interior style.

Please note that you can only use Super Strong magnets on our magnetic boards

**PURE
WHITE**

71002
PURE White glass

PURE WHITE or optical white glass

is Low-Iron Glass allowing non tinted transmission through the glass of the white paint finish on the back. Low Iron glass is optically absolutely clear due to the reduced iron content. Due to iron mineral traces the standard glass obtains its green appearance. Casual green appearance of the glass has been eliminated in a special process, leaving the glass white and clear. Therefore you should choose PURE WHITE glass boards if you want a PURE Brilliant White finish.

50 x 70 cm.

Lifetime Warranty

on glass surfaces

NAGA products undergo strict quality control

We therefore give a lifetime warranty on all board surfaces in glass. The guarantee does not apply in cases of misuse, improper use or other uses than a board mounted on indoor walls.

Packaging and Display

Our packaging has been developed in order to present the colours and materials of our products in the best possible way. All packaging is streamlined, which makes our products easy to identify and ensures optimal display solutions at the point of sale.

Ideal for decorating and writing on glass, whiteboards, windows, glossy boards, mirrors and almost all non-porous surfaces. Based on liquid chalk. Easy to wipe off, when it is dry. Dry erase: Use a dry cloth or a board eraser. Wet erase: Use a cloth dampened with water or board cleaner.
